ZIVA PROLOGUE

REFINING AND REDEFINING AN INDUSTRY.

Founded in 2007 and in over 70 countries, ZIVA believes in the constant pursuit of evolution in design, manufacturing, and business for the fitness industry. With this belief at our core, it's our imperative to commit ourselves to innovations that best equip all fitness environments with strong and beautiful training products.

At ZIVA, we want to change the way you look at the fitness industry. For too long there has been a complacency and lack of progress when it comes to fitness equipment. We're looking beyond the boundaries of current industry standards and moving the line forward—evolving and innovating new free weights and functional weight products for the growing expectations of new sophisticated customer bases around the globe. ZIVA is redefining what a fitness club can and should be to stay competitive.

ZIVA DESIGN

BETTER EQUIPPED BY DESIGN.

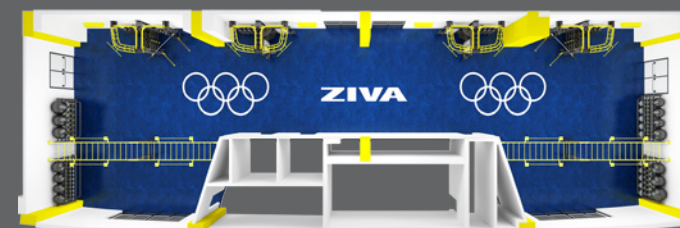

We design our collection of fitness products with the possibilities of what a club can become in our minds. Distinctive functional forms can change a space into an area people are drawn to. Our designers are dedicated to offering fitness clubs the best equipment in the industry. There is a fine line between success and failure in the fitness/wellness industry so we've designed and built a unique collection of premium fitness equipment. Everything from ZIVA is designed and manufactured to create a market advantage for your club.

ZIVA, The Way to Live

OLYMPICS

BRAZILIAN OLYMPIC COMMITTEE PARTNER

ZIVA is proud to share that we are the official partner of the Brazilian Olympic Committee in Brazil. With the start of our partnership, ZIVA has created the ZIVA Olympic High Performance Athletes Lab at the Maria Lenk Center in Rio de Janeiro. The center features our newest series of free weights and functional products for all Olympians to train now and for years to come. We are honored to contribute to the new training center to help Olympians push beyond their boundaries and create the next generation of champions.
